The **National Food, Agriculture & Export Business Fair** is a nationwide trade exhibition that showcases the Philippines' strengths in food production, agriculture, agribusiness, and export-ready products. The event brings together farmers, food manufacturers, exporters, cooperatives, agribusiness companies, MSMEs, government agencies, and international buyers to promote high-quality Filipino products and strengthen global trade opportunities.

Attendees can explore exhibits featuring fresh agricultural produce, processed food products, organic goods, seafood, beverages, and value-added export products. The fair also includes business matching sessions, export development seminars, product demonstrations, and forums on international trade, food safety standards, sustainable agriculture, and global market access. It serves as a strategic platform for expanding business networks, increasing export potential, and promoting the competitiveness of Philippine agriculture and food industries.
