
STARTUP & INNOVATION SUMMIT

Event Schedule

Date	Start Time	Closing Time
February 13, 2026	9:00 AM	4:00 PM

The Startup & Innovation Summit is a high-impact gathering of entrepreneurs, innovators, investors, technology leaders, and industry enablers focused on advancing startup growth and driving innovation across sectors. The summit provides a dynamic platform for emerging startups and growth-stage ventures to present their ideas, products, and solutions while connecting with potential investors, mentors, corporate partners, and government support institutions.

The event features keynote talks from industry pioneers, startup pitch sessions, innovation showcases, panel discussions, and technical workshops covering topics such as digital transformation, artificial intelligence, fintech, agritech, sustainability, and emerging technologies. Dedicated networking sessions and business matching activities allow founders to build strategic partnerships, explore funding opportunities, and gain expert insights on scaling, commercialization, and market entry strategies.

Special segments of the summit focus on startup incubation, research commercialization, and technology transfer, helping bridge the gap between innovation and real-world application. Support organizations and agencies also present available grants, accelerators, and capability-building programs for startups and innovators.

Overall, the Startup & Innovation Summit aims to strengthen the innovation ecosystem, empower entrepreneurs, and accelerate the development of competitive, future-ready enterprises.
