Baguio Coffee & Pastry Fair is a vibrant culinary celebration held in the cool highlands of Baguio, bringing together local coffee farmers, artisan roasters, homegrown cafés, and talented pastry chefs from across the Cordillera region and nearby provinces.

This flavorful event showcases premium Benguet coffee beans, specialty brews, handcrafted pastries, and baked delicacies that highlight both traditional and modern recipes. Visitors can enjoy coffee-tasting sessions, live brewing demonstrations, latte art competitions, pastry decorating workshops, and business networking opportunities for MSMEs in the food industry.

Set against the refreshing mountain atmosphere of the “Summer Capital of the Philippines,” the fair promotes local agri-based products, supports small coffee growers, and encourages collaboration between bakers, café owners, and suppliers. It also features live acoustic performances, cozy café-style lounges, and pop-up booths offering exclusive fair discounts and limited-edition treats.

The **Baguio Coffee & Pastry Fair** is not just a food event — it’s a celebration of craftsmanship, culture, and community brewed to perfection.
